

Junior Designer responsibilities include:

- Participating in various design projects from concept to completion
- Producing drafts, prototypes and engaging design solutions
- Listening to feedback to hone skills and improve design

Job brief

We are seeking a Junior Designer to join our team and contribute to the creation of compelling designs that align with specific requirements.

As a Junior Designer, you will collaborate closely with a Senior Designer to produce work of the highest quality. In this role, your creativity and meticulous attention to detail will be crucial.

If you possess a genuine passion for design and have a strong desire to expand your knowledge and skills, we invite you to connect with us.

Your primary objective will be to develop impactful designs that effectively represent and promote our company's vision.

We look forward to meeting talented individuals who can contribute to our team and help us achieve outstanding design outcomes that align with our company's vision.

Responsibilities

- Understand project requirements and concepts
- Use various techniques to create drafts, models and prototypes
- Produce final design solutions (like logos, banners, interfaces)
- Pitch creative ideas
- Collaborate with team members to launch projects
- Take on special design tasks (e.g. color correction)
- Use feedback from other designers to improve

Requirements and skills

- Up to three years of experience as a Junior Designer
- Experience with design software (e.g. InVision) and graphics editing tools (e.g. Photoshop, CorelDRAW)
- Familiarity with design techniques (e.g. prototyping)
- Understanding of visual elements (layout, type and fonts)
- Teamwork skills
- A keen eye for detail
- Time management and multitasking abilities
- Creativity skills and problem-solving aptitude
- BSc/BA in Design or a related field
